*I authorize the veterinarians and/or their assistants to perform the services marked below. I understand that vaccinations can cause reactions in some patients and that I will be responsible for any costs related to their treatment. My pet has been examined to be certain all immunizations selected are appropriate. I understand that this is not a full and complete physical examination. (Fees do not include Pet's booster vaccines, heartworm or flea prevention refills, taxes, or county tag fees.)*

**X Client Signature:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**PUPPY PROTECTION PACKAGES:** Recommended vaccine series for puppies. Vaccines should be started in puppies at eight weeks of age. The visits should be given two to four weeks apart to achieve the best immune response.
